

I.C. "Giulio Cesare" - Savignano sul Rubicone
Scuola Secondaria I Grado
Classe II G

Welcome to Full Metal Natural City!

THIS IS OUR ECO-CITY

Facilities in our city

IN OUR CITY THERE ARE:

- 1) MANY SMALL SHOPS FOR PEOPLE'S NEEDS (MARKET FOR FOOD,THEATRE,CINEMA,CLOTHES SHOP ETC...)
- 2) A SCHOOL WHERE CHILDREN LEARN TO LOVE THE ENVIRONMENT, TO BECOME A KIND OF BIOLOGIST BUT WITHOUT STUDYING VERY MUCH.
- 3) A BIG LIBRARY WITH BOOKS IN ALL LANGUAGES FOR THE TOURISTS AND OPEN AIR HUTS TO READ WITH ANIMALS.
- 4)AN ECOLOGICAL WATER PARK FOR KIDS. HERE YOU CAN FIND WATER SLIDES MADE OF WOOD OR ECO-FRIENDLY RIDES MADE OF LEAVES OR WOOD IN TARZAN'S STYLE.
- 5) THE GREENHOUSES IN THE OFFICES TO GROW THE PLANTS IN EVERY PLACE OF THE CITY.

About the houses...

THE HOUSES IN OUR CITY ARE COZY
AND SMALL, MADE OF RED WOOD
WITH THE ROOFS MADE OF
CYLINDRICAL WOOD...

About the energy sources to power our city...

IN ORDER TO POWER OUR CITY WE USE EOLIC ENERGY, SO WE USE THE WIND MILLS. THE WINDMILLS ROTATE AND MAKE KINECT ENERGY THANKS TO THE WIND FORCE.

How can we move around the city?

FOR THE TRANSPORT SYSTEM WE USE... CABLE CARS BECAUSE THEY ARE NOT POLLUTING. IN FACT TO MOVE WE COMBINE THE PEDALS AND THEY MOVE THANKS TO WIND ENERGY.

Our Green Areas!!!

OUR GREEN AREAS ARE
LOCATED IN THE PARKS OR
EVEN ON THE MOUNTAINS
WHERE THE AIR IS CLEAN .

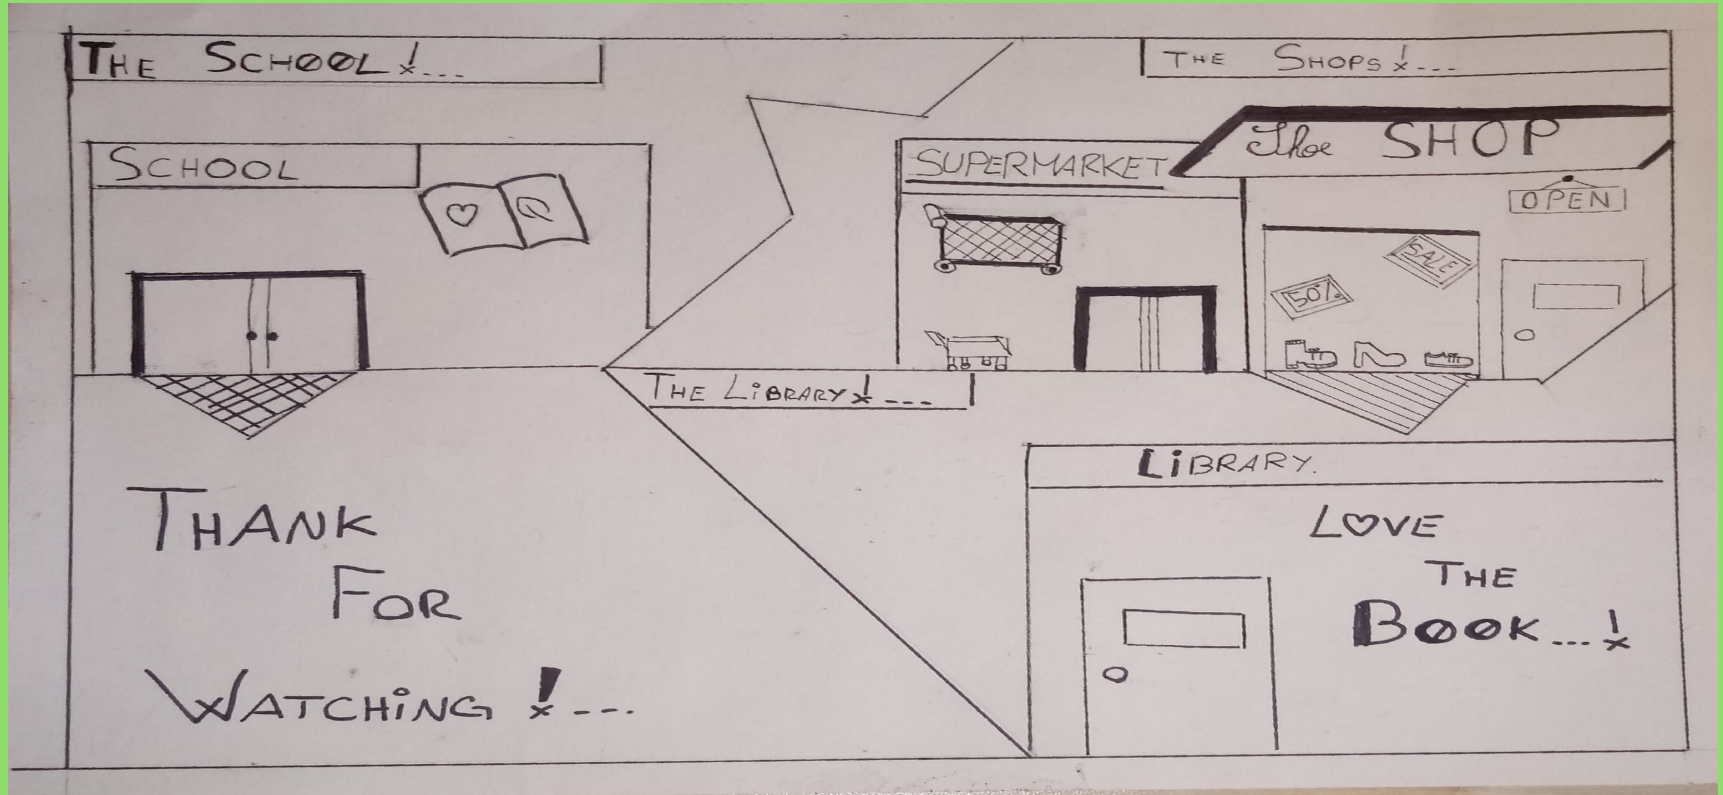

Our Flower Area...

OUR FLOWER AREA IS LIKE A GREEN AREA BUT IT IS FULL OF BEAUTIFUL, VERY FRAGRANT AND COLORFUL FLOWERS OF ALL KINDS. IN THIS AREA THERE ARE ALSO SOME VERY NICE ANIMALS THAT KEEP YOU COMPANY WHILE YOU WALK OR TAKE A BREAK TO RELAX

This is the plan of our city

*Thank you all for watching and
your kind attention!*
